

ALI HASAN

Software Engineering Graduate | IoT | Embedded Systems | Software Development

Rawalpindi, Pakistan | (+92) 3365038192 | alihasan1.se@gmail.com | linkedin.com/in/ali-hasan-61a325356

PROFESSIONAL SUMMARY

Software Engineering graduate with hands-on experience in IT, MIS, cybersecurity support, IoT, embedded systems, software development, documentation, and team coordination. Experienced in developing practical technology solutions, supporting organizational operations, and coordinating technical activities. Strong problem-solving, communication, leadership, and project management skills.

EDUCATION

BS Software Engineering | 2022–2026

Capital University of Science & Technology, Islamabad

F.Sc (Pre-Engineering) | 2019–2021

Global College of Sciences

Matric | 2017–2019

Springfield Public School & College

EXPERIENCE

IT / MIS / Cybersecurity Intern — Benazir Income Support Programme (BISP) Headquarters | Aug 2025–Sep 2025

- Worked across IT, MIS, and cybersecurity functions, including system support and network troubleshooting.
- Contributed to an Employee Management System using ASP.NET Core and SQL Server.
- Prepared management reports and supported operational IT/MIS activities.

Vice President Operations — CAUSE Society, Capital University of Science & Technology | Apr 2025–Feb 2026

- Led operational planning and coordinated technical events and society activities.
- Managed team collaboration, documentation, and event execution.

PROJECTS

FLAIR — Flood Level Assessment and Intelligent Response

- IoT-based flood monitoring and early warning system collecting real-time environmental data through sensors.
- Transmits data to a cloud dashboard for live monitoring, analysis, prediction, and timely alerts.
- Won 1st Position at the 14th Industrial Open House 2026, CUST.

Other Academic Projects | Employee Management System, Automatic Plant Watering System, Healthcare System, C++ Learning Projects

TECHNICAL SKILLS

Software Development: Software Construction & Development, Software Architecture & Design, Software Quality Assurance, Software Requirements Engineering, Software Re-engineering, Object-Oriented Programming, Agile Software Development

IoT & Embedded: Internet of Things (IoT), Embedded Systems, ESP32, Sensor Integration

Tools & Technologies: Elastic Stack, Kibana, Web Development

Professional Skills: Project Management, Leadership, Teamwork, Communication, Problem Solving, Time Management, Event Management

ACHIEVEMENTS & RECOGNITION

- 1st Position — 14th Industrial Open House 2026, Capital University of Science & Technology (CUST), with FLAIR.
- Appreciation Certificate for Poster Presentation — ICCOR Conference, 2026.
- Volunteer Appreciation Certificate — iSenCE Conference, CUST, 2025.
- Volunteer in Service Certificate — Pakistan Red Crescent Society (PRCS), 2025.

LEADERSHIP & ACTIVITIES

- Served as General Secretary, Vice President Operations, and Joint Secretary in the CAUSE Society.
- Contributed to university seminars, technical events, hackathons, and student activities.
